Amendment to Add Joint Research Statement 35 U.S.C. §103(c)(2)

The technology of the above-identified application was created pursuant to a joint research agreement within the meaning of 35 U.S.C. §103(c)(3). The parties to the agreement are Cell Signaling Technology and the University of California. The joint research agreement was in effect as of December 12, 2001. Finally, the claimed technology was made as a result of activities undertaken within the scope of the joint research agreement. Accordingly, please insert the following paragraph in between current paragraphs [002] and [003] in the above identified application:

Joint Research Agreement

[003] This application describes and claims certain subject matter that was developed under a written joint collaborative research agreement between Cell Signaling Technology, Inc. and The University of California, having an effective date of December 12, 2001, pertaining to relevant biomarkers of various types of cancer.

APPLICANTS: Cell Signaling Technology, Inc.

Should the Examiner have any questions regarding the present filing he or she is invited to contact the attorney at phone number below.
